PROJECTS:

➢ **TOURISM BOOKING PORTAL**

Description:

A simple static tourism booking website built with HTML and CSS to showcase travel destinations and package details. It features a responsive design with smooth navigation across sections like Home, Locations, and Packages. The site includes vivid images and a contact form for easy user inquiries and bookings.

Technologies Used: HTML, CSS

DECLARATION:

I declare that the information given in this resume is true and correct to the best of my knowledge. I understand that providing false or misleading details may lead to rejection of my application or end of employment.
